

 NATIONAL PROGRAM

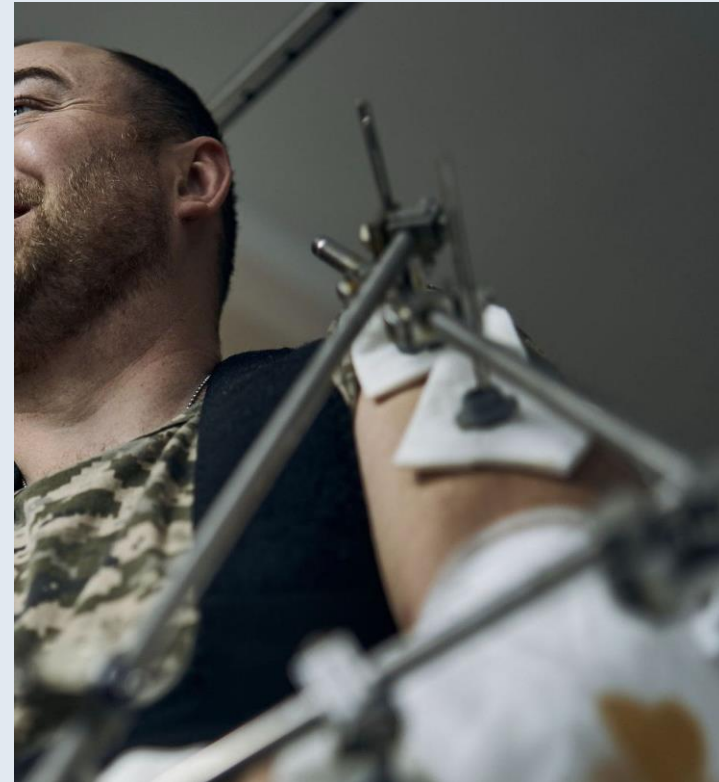

#SaveTheLimb

AGAINST AMPUTATION

We help people affected by the war
to **preserve the limbs**
God gave them

THEIR LIMBS COULD HAVE BEEN **lost forever**

Unfortunately, tens of thousands of limbs are amputated in Ukraine because of the war.

This puts a burden on society, the economy and donors, because amputation is 5 times more expensive than limb preservation

THE PROBLEM WE'RE DEALING WITH

~ 300'000

APPROXIMATE NUMBER OF INJURED WHO MAY BE DISABLED DUE TO INJURED LIMBS (>74%)

\$ 233,3

IS COVERED BY THE STATE FOR THE TREATMENT OF LIMB INJURIES UNDER THE MEDICAL GUARANTEES PROGRAM*

22,6k – 50k

EXPECTED NUMBER OF PEOPLE WITH AMPUTATED LIMBS*.

\$ 80 – \$ 4'680

COST OF ORTHOPEDIC METAL FOR PERFORMING LIMB SURGERY THAT IS NOT GOVERNMENT FUNDED*

* according to the experts of "#SaveTheLimb" and media (30.11.2023)
There are delays in receiving statistics, including from the temporarily occupied territories.

WE HELP

the state to reduce the number of
Ukrainians with disabilities

PATRONAGE:

- We include the beneficiary in the program within 15-20 minutes (online).
- We undertake financing from \$1000 to \$20'000 depending on the severity of the injury and the beneficiary's compliance with the program criteria.
- We provide quick access to beneficiaries to the best doctors - orthopedists - traumatologists
- We supplement the national package of medical guarantees to the needs of the beneficiaries (medical services, metal for osteosynthesis, medicines, mental health, rehabilitation, and other needs)
- We raise the status of rescuers of Ukraine (wounded) and doctors through mass media and other media channels
